ABOUT ADOPTION

What are the fees? Dogs and puppies begin at \$105 – this includes neuter/spay (**which is required by law before adoption can be legally final**) and being up-to-date on testing, vaccinations, worming, flea/tick prevention and microchipping. Cats and kittens begin at \$45 – which also includes neuter/spay and being up-to-date on age-appropriate testing, vaccinations, flea/tick prevention, and worming. In some instances, there are additional fees for unusual circumstances, usually medical expenses; and sometimes we have adoption specials.

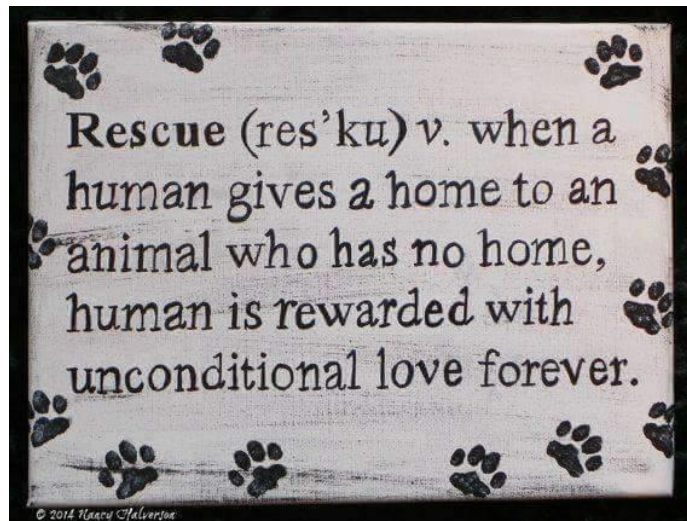

What do we need to do?

- 1) Request and complete an adoption application form for the pet you are interested in (we need at least 48 hours to check with your vet and references). It doesn't take very long to complete, is not shared with anyone except Stover Animal Rescue adoption staff, and helps us help you find the best animal for your home. Fillable adoption application forms are available online at our website – stoveranimalrescue.com; you can request one be emailed (or snail mailed) to you via FB or our email – stoveranimalrescue@gmail.com; or you can pick one up at the rescue. **Animals can only be seen by appointment!**
- 2) Make an appointment to meet the pet you are interested in and visit with a staff volunteer who is knowledgeable about the animal – we will answer questions, review the adoption contract with you, finalize fees, and help solve any concerns you may have.
- 3) Arrange for a home visit, based on individual circumstances. This will be coordinated by the adoption staff with your family at times that suit everyone needing to be involved.
- 4) Pay the adoption fee, complete the appropriate contract with us, and take your new pet home with you! Plan to take your new pet to the veterinarian within two weeks to make sure they get started with great care. It's not required, but we would love to share a picture of you with your new pet with others interested in improving the lives of animals.

What about questions later? Contact us any time or leave a message, and we will get back to you as soon as possible – we want you to be successful! If the pet does not work out for any reason, you must return him or her to us so we can find the right home for them.

*Thank
you for
choosing to
adopt!!*

*... and thank you
for your donations to
help us help them!!*

We are a 501(c)3 NO-KILL rescue staffed and managed completely by wonderful volunteers; and operating on donations without government funding.
